Why are the Pyramids one of the wonders of the world?

Learn and Explore Activities

Some of you may wish to spend more time learning at home. So, we have written a menu of optional additional activities that you may wish to do. Here is the menu of the learn and explore activities for this half term:

1. Find out about an Egyptian god and make a poster about it
2. Make a 3D model of a square based pyramid
3. Write a story that starts with the sentence:
Inside the chamber it was pitch black and deathly silent...
4. Design an Egyptian death mask on paper or make a 3D version
5. Find out the hieroglyphs to represent the alphabet and write a secret message to your teacher
6. Make a fact sheet about a famous pharaoh like Akhenaten, Ramses II or Hatshepsut
7. Find out the symbols for Egyptian numbers and write a maths word problem for your teacher to solve.
8. Make a sarcophagus out of a shoe box and make a mummy to go inside
9. Make an Egyptian canopic jar using a Pringle tube for the base
10. Design the lid of a sarcophagus, draw and label some of your personal treasures that you would put inside

Please scan or photograph their work and send this on the home.learning email account. Please quote your child's class in the title of the email.
