

Risk Assessment

School Re-opening for all pupils from September 2020 – updated Jan '21

Risk Rating

			SEVERITY									
			Negligible	Minor	Moderate	Major	Fatal					
		0	1	2	3	4	5					
Likelihood	Rare	1	1	2	3	4	5		RR	Definition	Score	Risk Level
	Unlikely	2	2	4	6	8	10			Acceptable/no further action required	0-4	ACCEPTED
	Likely	3	3	6	9	12	15			Improve within 6 months / manage continuously	5-9	MINOR
	Highly Likely	4	4	8	12	16	20			Improve within 3 months / manage closely	10-15	MODERATE
	Certain	5	5	10	15	20	25			Improve immediately/ stop activity	16-25	HIGH

Risk Rating Definitions

Severity:		Likelihood	
Negligible:	The impact of the hazard is not significant and would present little to no harm.	Rare	probability < 5%
Minor:	The impact of the hazard presents a small impact including minor injuries.	Unlikely	probability: 5-25%
Moderate:	The impact of the hazard presents a moderate impact including moderate injuries.	Likely	probability: 25 - 50%
Major:	The impact of the hazard presents a significant impact including major injuries.	Highly Likely	probability: 50- 75%
Fatal:	The impact of the hazard could cause a fatality.	Certain	probability: 75%+

THIS RISK ASSESSMENT APPLIES TO ALL OUR PUPILS, STAFF AND ANY OTHERS WHO COULD BE AFFECTED BY OUR ACTIONS / NON-ACTIONS

For the purpose of the is risk assessment, Coronavirus will be at times abbreviated to C19

This risk assessment is an update of the Covid19 School Re-opening assessment that was put in place for 2 June 2020 with advice taken from the Government: <https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools>

HAZARD Who might be harmed? How might they be harmed?	Risk Before Controls (RBC)			Existing/Recommended Control Measures	Risk After Controls (RAC)			Residual Risk Level	Who has responsibility for this area and What further Action is Required
	Likelihood	Severity	Risk		Likelihood	Severity	Risk		
DROP-OFF / PICK UP									
Risk of children, parents, staff and others transmitting coronavirus between themselves whilst dropping off/ picking up.	2	5	10	<ul style="list-style-type: none">Parents have staggered drop off/ pick up windows to reduce congestion.Signage in place reminding parents about social distancing – following government guidelines: hands – face - spaceStaff and parents must wear face masks unless they are medically exempt SLT to manage drop off/ pick up by being on duty at the start and end of every school day.Caretaker to ensure paths and drive are clearly marked and driveway is secured at drop off. Office staff to ensure driveway is blocked off at pick up.Cones to be placed at border between public carpark and school drive to 8.20am and 2.50pmSafety procedures and risk assessments shared with parents, staff and others to ensure awareness.Signage in place asking all parents to leave premises immediately after dropping off or picking up their child(ren).Signage to remind parents of social distancing at these times and not to huddle whilst waiting to pick up	1	5	5	MINOR	HT/DHT/SBM have overall responsibility for this. The Caretaker will support this process. Procedures will continue to be monitored and assessed by all members of the SLT regularly with a view to reducing the residual risk level. Staff and parental updates/reminders will continue bi-weekly through the school newsletter and targeted phone calls/emails where necessary.

HAZARD Who might be harmed? How might they be harmed?	Risk Before Controls (RBC)			Existing/Recommended Control Measures	Risk After Controls (RAC)			Residual Risk Level	Who has responsibility for this area and What further Action is Required
	Likelihood	Severity	Risk		Likelihood	Severity	Risk		
Increased risk of infection to children, staff and others through the spread of the coronavirus from anyone coming into school with symptoms and the increased number of children, staff and others returning to school.	2	5	15	<ul style="list-style-type: none"> Staff to wear face masks in communal areas or when entering another bubble, unless medically exempt. All Parents, staff and others have been informed about strict quarantine of any child or adult exhibiting symptoms (10 days out of school – tested before return, NHS Test & Trace system used). The school understand the NHS Test and Trace process and how to contact the PHE health protection team. Parents, staff or others will inform the school immediately of the results of a test. If a member of the community receives a positive test result the local health protection team will be contacted and their advice followed on who should self isolate (most likely to be those who have been in ‘close contact’). Additional cleaning of the affected classroom will be undertaken. Close contact means: within 1 metre, face to face, skin to skin; extended close contact with 1 to 2 metres for more than 15 minutes; travelling in a small vehicle together. If two or more cases, school may close temporarily to help control transmission. PHE health team or LA will advise. Remote education will be implemented where necessary. If an outbreak in school is confirmed, a mobile testing unit may be dispatched to test others who may have been in contact with the person who has tested positive – class, then year group, then whole school if necessary. If a child, staff or other has a suspected case of C19 in their household, they remain absent from school for 10 days or until testing has taken place. Subsequent trace and test measures will be investigated to 	1	5	5	MODERATE	<p>SLT have overall responsibility for this.</p> <p>The Premises Team will support this process on behalf of SLT with the locking and unlocking of gates.</p> <p>SBM will administer and manage contractors on behalf of SLT.</p> <p>Procedures will continue to be monitored and assessed by all members of the SLT regularly.</p> <p>Staff and parental updates/reminders will continue weekly.</p> <p>SLT will monitor and deal with any individual scenarios on a case by case basis, ensuring a review and revised assessment of risk measures is undertaken.</p>

	Likelihood	Severity	Risk		Likelihood	Severity	Risk		
Traffic congestion outside the school premises leading to a breakdown in social distancing and increasing the risk of coronavirus transmission for children, staff and others.	3	4	12	<ul style="list-style-type: none"> Staggered start/ end to the school day – timetables are distributed to all staff, parents and others. Parents told not to drive to school unless critical and to walk or cycle wherever possible. Cones to be placed at border between public carpark and school drive to 8.20am and 2.50pm 	2	4	8	MINOR	HT/DHT Staff and parental updates/reminders will continue weekly.
DURING THE SCHOOL DAY									
Lack of social distancing in school and particularly across classes/year groups increasing the risk of coronavirus transmission for children, staff and others.	3	5	15	<ul style="list-style-type: none"> Staff to wear face masks in communal areas or when entering another bubble, unless medically exempt. Children enter and leave classrooms via outside doors only and under supervision to reduce contacts in school. Staggered break and lunch times ensures fewer children moving around the building at any time. Social distancing for all pupils, staff, visitors and others encouraged throughout the school with increased signage and one way system. 	1	5	10	MODERATE	SLT have overall responsibility for this. All staff, visitors and others will support the procedures in place.

HAZARD Who might be harmed? How might they be harmed?	Risk Before Controls (RBC)			Existing/Recommended Control Measures	Risk After Controls (RAC)			Residual Risk Level	Who has responsibility for this area and What further Action is Required
	Likelihood	Severity	Risk		Likelihood	Severity	Risk		
				<ul style="list-style-type: none"> Year Groups have set toilets - Y5/6 toilet by Tolkien/Horowitz to use light system for access – to show occupied or not to ensure only one person in at a time to avoid mixing of Y5/6 bubble Milton solution available in adult toilets Restricted access to other group rooms around the school Children to remain in their classrooms throughout the school day – only use the office in case of emergency 					Staff and parental updates/reminders will continue weekly.
Transmission of Coronavirus to pupils, staff and others from high use areas around the school and a lack of appropriate cleaning.	3	5	15	<ul style="list-style-type: none"> Staff to wear face masks in communal areas or when entering another bubble, unless medically exempt. All areas of the school will be professionally cleaned daily. All door handles and push pads cleaned thoroughly each evening (4pm- 6pm). Detergent and wipes provided for CTs/TAs to wipe handles/push pads during the day Admin staff to clean admin corridor high contact areas twice during the day None fire doors to be propped open to prevent touching In the event of an outbreak anywhere in the school the cleaning contractors would be instructed to undertake a full deep clean of the affected area or whole school where necessary – 	1	5	5	MINOR	<p>HT/DHT have overall responsibility for this. SBM will administer cleaning and cleaning resources on behalf of SLT.</p> <p>Cleaning Contractor instructed to undertaken procedures will continue to be monitored and assessed by all members of the SLT regularly with a view to maintaining the residual risk.</p>

	Likelihood	Severity	Risk		Likelihood	Severity	Risk		
				<ul style="list-style-type: none"> Cleaning products available in locked cupboards in Classrooms for staff to use throughout the day at their discretion if they want to e.g. tabletops / chairs / resources. Doors throughout the school will be propped open as long as they are not fire doors. This will include children's toilet doors where it is safe to do so and privacy can be ensured. One way system in place around old part of school where corridors are narrow to avoid congestions 					Staff and parental updates/reminders will continue weekly.
Cross contamination, spread of virus through the lack of proper hand washing and whilst using toilet facilities will create a greater risk of infection for children, staff and others.	3	5	15	<ul style="list-style-type: none"> All children, staff, others will wash/sanitise hands upon entering the premises. Hand soap placed in every child's hand upon entry to the classroom and every child washes hands in their designated toilet/classroom. Hand sanitiser available for adults in all classrooms and key staff areas Posters displaying Government handwashing guidelines displayed in all hand washing areas. Youngest children observed whilst hand washing. Guidance and training given to all pupils, staff and others. All sink areas / taps cleaned as part of cleaning schedule listed above and cleaning products available to staff to clean throughout the day if they wish to do this as well e.g. anti-bacterial sprays. 	1	5	5	MINOR	<p>SLT have overall responsibility for this.</p> <p>SBM will administer cleaning and cleaning resources on behalf of SLT.</p> <p>All staff and others will adhere to guidance and signage.</p> <p>Procedures will continue to be monitored and assessed by all members of the SLT regularly with a view to maintaining the residual risk.</p> <p>Staff and parental updates/reminders will continue weekly.</p>

HAZARD Who might be harmed? How might they be harmed?	Risk Before Controls (RBC)			Existing/Recommended Control Measures	Risk After Controls (RAC)			Residual Risk Level	Who has responsibility for this area and What further Action is Required
	Likelihood	Severity	Risk		Likelihood	Severity	Risk		
				<ul style="list-style-type: none"> Children ONLY use their allocated year group toilet (including at break/lunchtimes). Children, staff and others will be taught/asked to check toilets have availability before they enter. Signage in place as a reminder. External doors to children's toilets propped open (where privacy allows) so they can see in before entering and reduce risk of contamination on handles. Anti-bacterial spray available around the school for staff to use after using photocopiers, staff room, laminators, computers, telephones etc. Playtimes are staggered so children will be encouraged to use the toilet prior to playtime and lunch time and encouraged not to use the toilet during playtimes. Appropriate cleaning resources made available wherever possible to ensure hygiene standards are met. 					
Increased risk to children, staff and others of contracting or transmitting the virus due to a lack of awareness and training.	3	5	15	<ul style="list-style-type: none"> Government guidance shared and disseminated to staff, parents, children and others by SLT. Local Authority guidance and advice shared and disseminated to staff, parents, children and others by SLT. Guidance and training provided to all staff and others on coming back to school for the first time. Staff will go through school rules with new year groups returning to school to ensure their understanding of managing hygiene and reducing spread of the virus. Signs and guidance on all aspect of the virus will be displayed throughout the school. Promote 'catch it, kill it, bin it' approach 	1	5	5	MINOR	<p>SLT have overall responsibility for this. All children, staff and others will adhere to guidance and signage with additional training provided where necessary</p> <p>Procedures will continue to be monitored and assessed by all members of the SLT regularly with a view to maintaining the residual risk.</p>

HAZARD Who might be harmed? How might they be harmed?	Risk Before Controls (RBC)			Existing/Recommended Control Measures	Risk After Controls (RAC)			Residual Risk Level	Who has responsibility for this area and What further Action is Required
	Likelihood	Severity	Risk		Likelihood	Severity	Risk		
				<ul style="list-style-type: none"> Regular updates and guidance given to children, staff and others on an ongoing basis. Where breaches in rules, risk assessments or guidance occur, further training and support will be provided. 					Staff and parental updates/reminders will continue weekly.
Increased risk of transmission of virus through use of the shared children's cloakrooms (pegs) e.g. year Yr R 5 & 6, will increase risk of infection or transmission for children, staff and others.	3	5	15	<ul style="list-style-type: none"> To avoid groups mixing, children will use cloakrooms 1 or 2 at a time – unless from same bubble e.g. in year 1 classrooms Classes will use outside doors to access classrooms rather than using cloakroom corridors. Children will not bring PE kit or extra resources into school to store in cloakrooms. 	1	5	10	MINOR	<p>SLT have overall responsibility for this. All children, staff and others will adhere to guidance and signage.</p> <p>Procedures will continue to be monitored and assessed by all members of the SLT regularly with a view to reducing the residual risk.</p>
Risk of transmission of infection through children, staff and others coughing/sneezing on each other/ surfaces.	3	5	15	<ul style="list-style-type: none"> Children in Years 1-6 will have individual desks all facing forwards and they will sit side by side at these tables facing forward. Child to use individual tray/chair bag to store their own belongings. Children will be spaced apart as much as possible. Each class has its own disinfectant spray to clean the desks at agreed time (see cleaning schedule). Each staff area has its own anti-bacterial spray for the desks and cleaning wipes for keypads and mouse (see cleaning schedule) 	1	5	10	MINOR	<p>SLT have overall responsibility for this. All children, staff and others will adhere to guidance and signage.</p> <p>Cleaners will empty bins each day. Tissue and hand soap supplies will be checked and replenished regularly as needed and receptacles will be cleaned.</p>

HAZARD Who might be harmed? How might they be harmed?	Risk Before Controls (RBC)			Existing/Recommended Control Measures	Risk After Controls (RAC)			Residual Risk Level	Who has responsibility for this area and What further Action is Required
	Likelihood	Severity	Risk		Likelihood	Severity	Risk		
				<ul style="list-style-type: none"> Windows will be kept open where possible as ventilation reduces transmission. Breakfast Club and After School Club will be open; children will be kept in small groups. Hand washing guidelines in place as set out above. Bins in all classrooms for the disposal of tissues. Tissues available in all areas of the school and refilled each day as needed. Screens made available for vulnerable staff and visors available for all staff 					<p>Procedures will continue to be monitored and assessed by all members of the SLT regularly with a view to reducing the residual risk.</p> <p>Staff and parental updates/reminders will continue weekly.</p>
Increased risk of transmission to children, staff and others from book marking and through the use of resources throughout the school day.	3	5	15	<ul style="list-style-type: none"> Children in Years 1-6 will have their own pencil case containing pens/pencils etc for their own use; Before and after using shared resources, they will be wiped down with antibacterial/viral wipes where possible or quarantined for 72 hours. This would include reading books, iPads, etc. Only one person in each class bubble will use Interactive Whiteboard. Children will not use boards interactively. (Whiteboards must not be cleaned with chemicals or sprays). Resources will be thoroughly cleaned before being passed between classes and year groups. Children, staff and others will wash hands after using shared resources. Anti-bacterial wipe/spray/cleaning fluid available throughout the school so that all resources can be wiped down/cleaned after use by all staff and others or quarantined for 72 hours where this is not possible. Soft furnishings which cannot be cleaned will be 	1	5	5	MINOR	<p>SLT have overall responsibility for this. All children, staff and others will adhere to guidance and signage.</p> <p>Procedures will continue to be monitored and assessed by all members of the SLT regularly with a view to reducing the residual risk.</p> <p>Staff and parental updates/reminders will continue weekly.</p>

Increased risk of contamination to children staff and others through physical contact, e.g. 1:1 support, group support, children crying and needing nurture, refusing to leave parent/carer.	3	5	15	<ul style="list-style-type: none"> Children will not be physically coaxed off parents if they are refusing to come in. If necessary, the parent will be asked to take child back home. Staff and others will not use positive handling with de-regulated children. SLT will be called and any child who is repeatedly refusing and is unsafe will be sent home. Positive Handling must only be used by staff other than SLT in cases where the staff member believes a child may be hurt if they do not intervene. Staff and others to establish a proxy alternative to physical reassurance (air hug, hug a teddy from home etc). If a child must be physically reassured, staff and others must risk assess the dangers for themselves and limit contact where possible. Hand holding is safe so long as hands are washed afterwards. Any staff or others who have had to undertake physical contact with a child showing symptoms or diagnosed with C19 will be monitored and support by SLT for symptoms and their mental wellbeing if needed. All staff and others will adhere to social distancing guidance as far as possible when working with children throughout the school day. Staff and others will work 1:1 work with children as long as they are sitting side by side, not face to face, washing hands regularly and maintaining 1m distance where possible. 	1	5	5	MINOR	<p>SLT have overall responsibility for this. All children, staff and others will adhere to guidance and signage.</p> <p>PB to work with teachers to provide individual risk assessments for SEND children</p> <p>Procedures will continue to be monitored and assessed by all members of the SLT regularly with a view to reducing the residual risk level.</p>

HAZARD Who might be harmed? How might they be harmed?	Risk Before Controls (RBC)			Existing/Recommended Control Measures	Risk After Controls (RAC)			Residual Risk Level	Who has responsibility for this area and What further Action is Required
	Likelihood	Severity	Risk		Likelihood	Severity	Risk		
				<ul style="list-style-type: none"> Staff who work with lots of children on a 1:1 basis will avoid sitting in close proximity to numerous children and reduce risk by not being at the same height as the child, and working in a larger well ventilated space. Staff will avoid sitting with small groups of children for longer than 15 minutes and will lead groups by standing and being at a different height to the children. 					
Increased risk of contracting Coronavirus for staff, children and others when administering First aid or through the onset of illness.	4	5	20	<ul style="list-style-type: none"> Full PPE available for office team if social distancing cannot be maintained when looking after a child with Covid symptoms. Bins are available in every classroom and medical room for the safe disposal of clinical waste which is emptied daily. Every classroom, lunch staff member, Breakfast Club and After School Club staff have their own supply of first aid equipment to reduce the need for children to visit the office. Plasters etc will be put on by the children themselves where possible. Staff, parents and others have been informed of the symptoms of possible coronavirus infection, e.g. a cough, difficulty in breathing and high temperature, loss of taste and/or smell and are kept up-to-date with national guidance about the signs, symptoms and transmission of coronavirus. Children, staff or others who display signs of being unwell, such as having a cough, fever or difficulty in breathing, loss of taste or smell is immediately sent home and asked to undertake a test for C19. Member of staff reporting signs of being unwell to parents will record on CPOMS which group/area that child has been in that day to provide our own 	2	5	10	MODERATE	<p>SLT have overall responsibility for this. All children, staff and others will adhere to guidance and signage.</p> <p>First Aiders will have received additional advice/guidance on dealing with incidents.</p> <p>SBL will continue to manage and monitor first aid provision and resources on behalf of the SLT.</p> <p>Procedures will continue to be monitored and assessed by all members of the SLT regularly with a view to reducing the residual risk level.</p>

Stress and negative impact on pupils, staff and others' wellbeing increased sickness, damage to mental health, physical health and ability to undertake their role effectively or attend school.	4	3	12	<ul style="list-style-type: none"> Staff know who they can talk to if they have concerns, e.g. about their commitments, health, workload and mental wellbeing. Staff rotas are in place for break times and lunch times to minimise staff exposure to coronavirus. Staff and others encouraged to communicate via Teams, outside of their year groups where possible, and to minimise close-proximity interaction. Staff encouraged to discuss with their line manager how to manage their workload and balance their commitments, e.g. caring for dependants. Counselling provision is available for staff and others who need this and SLT will regularly inform staff and others on how they can access this. The Staff Absence Policy ensures absences and staff wellbeing are dealt with appropriately. Staff are aware of how to report sickness, how long to stay away from the school, and how they will be paid during their absence. Behaviour policy has been amended and deregulation will be managed more strictly – a child refusing will be sent home as they cannot be safely managed in the current environment. Professional support is available/organised for those staff managing the most vulnerable children. Education, welfare and wellbeing of all vulnerable children is dealt with in individual risk assessments are in place for those with EHCPs. 	2	4	8	MINOR	<p>SLT have overall responsibility for this.</p> <p>SLT will monitor staff, children and others on an individual basis where there are concerns.</p> <p>SLT will use Education Welfare, School Counsellor and Counselling provision where appropriate.</p> <p>Procedures will continue to be monitored and assessed by all members of the SLT regularly.</p>
