There is a set of activities which are differentiated for you to choose from. The answers are also given at the back of the activities.	

## English

### LI: LI: To explore the suffix -ness

The suffix -ness changes the word to a noun.

. For example;

Sad + ness – sadness

### Activities

There are a number of activities to do, so please use the power point **-the suffix -ness** to guide you through these activities. To be able to watch the video clips on Espresso, please type in 'Discovery Education Espresso login' into your search engine. Then type in the username and password.

Username [student28779](#) Password: [esherchurch](#)

### Optional Activity

In addition, there are two types of word searches for you to choose from. The answers have been provided too, so you can mark your own work.

### Big Enquiry

#### LI: To find out about the Stone Age

This lesson introduces the Stone Age, read through the power point slowly and complete a mind map at the end. I think some of the information may surprise you! (If you do want to print it out remember you can print more than one slide on a page to save paper, and it only needs to be black and white. The espresso video log in is as above.)

### Optional Activity

Word of the day is **teeter**. Complete the activities outlined.

Remember to give yourself a tick when you have completed these activities too!
