

## Remote Teaching and Learning

### How to access your Remote learning

- log into Teams with your own username and password (if you have lost this please email [teachers@esherchurchschool.org.uk](mailto:teachers@esherchurchschool.org.uk) with the subject password and child's full name and class e.g. Password Joe Bloggs Potter.
- go to your Team called Year x Remote Teaching
- to find your Daily checklist/home learning activities go into the **General** channel (on the left). Your teacher will have posted it on the posts (see below)

- the links for the live lessons will be posted in the comments below the day's checklist post
- the interactive lessons will be scheduled in the General channel of your "Year x Remote Teaching" Team
- you will also find the daily checklist and any additional resources in the **Files** section of the **General** channel. Go to **Files** at the top -> **Class Materials** -> **Remote learning** and then click the **Week Commencing**.

### Years 2-6 Remote Team channels

- these remote Learning Teams have an additional three channels: **English**, **Maths** and **Other Subjects**.
- the subject channels are there as a virtual classroom for the children to 'put their hands up' when they need help. Children can post questions about the **work only** and no social comments. The teachers will then be able to answer these questions.
- these channels will play a really **important** role **enabling us to give feedback to the children about their learning** e.g. the children may post a question or attach a piece of work to this channel where they need support to move on. The remote learning teacher will act on this as appropriate e.g. by modifying the next recorded input, answering any queries directly or inviting children to a meeting.

### How will you get your work to us?

**Years R and 1** - You will have 1 assignment posted onto Teams each week for which you will receive individual feedback. There will also be another assignment in Teams where you will have the opportunity to upload any work from subjects that you would like us to see. You won't necessarily get an individual response to all of these pieces, but we would love to see them and will be sending out Marvellous Me badges to acknowledge good work.

**Years 2-6** - You will have 1 assignment posted onto Teams each week for which you will receive individual feedback. There will also be another assignment in Teams where you will have the opportunity to upload any work from subjects other than maths and English that you would like us to see. You won't necessarily get an individual response to all of these pieces, but we would love to see them and will be sending out Marvellous Me badges to acknowledge good work.

### How to be Ready, Respectful and Safe on Microsoft Teams

**Be Ready:** Make sure you have what you need

**Be Respectful:** Listen politely to other children.  
Follow the instructions from your teacher carefully.  
Only post messages about the lesson in the meeting chat if the teacher asks you to.

**Be Safe:** Make sure you have an adult nearby in case you need help.  
Dress sensibly – like you would for a mufti day!  
Don't forget to tell a grown up straight away if you see anything online that makes you uncomfortable or worries you.
